

ARENA... of the young arts

ARENA... of the young arts is a theatre and performance festival that has been taking place in Erlangen for more than 22 years now. ARENA provides a platform for the free international culture scene, and above all enables troupes of young artists to launch themselves into the arts scene. Besides this, ARENA serves as an open venue for all experimental and intermediate art forms that develop outside the realm of institutionalized theatre.

An extensive program that makes possible, among other things, an exchange between artist and audience, is in addition to the regular list of events.

Because students at the Friedrichs-Alexander University Erlangen-Nürnberg organize and run the festival on an entirely voluntary basis, all travel, overnight, and care expenses for the performers are able to be covered.

To ensure a smooth application process, especially for the technical aspect, we ask applicants to include a „technical rider.“
